

GPAA of Northern Nevada Reno Inc.

Mission statement:

“To provide an environment for members and any other persons interested to interact and to increase public awareness by providing education on ecologically sound methods of prospecting, small-scale mining and treasure hunting for adults, families and their children. This includes locating, identifying and legal removal of minerals, caches and treasures while conserving the environment and natural habitat. This shall be accomplished through lectures, demonstrations, and hands-on training at meetings, outings and any other settings deemed appropriate by the corporation's Board of Directors and at no cost to the participants.”

“Healing our Heroes”

With this mission in mind we are reaching out to veteran’s and veteran’s resource groups in order to find interested veterans and their families that would like to come out with us in the great outdoors and learn how to find gold and have a great in the process. This is a free outing for all veterans.

Outing dates under our Healing our Heroes program.

We are planning one outing in California this year. Date and location not set yet.

We are planning another outing in Nevada, date and location not set yet.

This outing is free to all veterans and their families and all gold found is split between all veterans that participate.

Yes you will find gold!!!!
