We are always looking for stories to fill our pages. Please take a minute to jot down a story (fact or fiction) and send it into me. Tell us about your experiences, plans or ideas. Letters to the editor, pictures, jokes (clean, of course), car-toons and ads are all welcome. Recipes, web pages of interest, email, magazine and news clippings are also needed. 2024 Rye Patch Children's Nugget Shoot.

Sept 28th 2024 from 10am to 3pm

A Request for Sponsorship and Donations

On behalf of GPAA of Northern Nevada Reno and the Rye Patch State Recreation area (Rye Patch) we would like to invite you to be a part of this year's **Rye Patch Children's Nugget Shoot**, a free metal detector hunt for all children up to the age of 12. This event was designed to be a free day to "Celebrate Nevada's Mining Heritage".

Last time we held this event we had over 27 participants and over 35 attendees. Participants represented families from the local area, including Lovelock, Winnemucca, Sparks and Reno. We were able to generate great prizes because of generous donations from sponsors such as you.

This year we are expecting a larger attendance and we are again hoping to make the **Rye Patch Children's Nugget Shoot** free to all attendees and are asking for your support to that endeavor. With your help we can promote Nevada's Mining Heritage and the support the Mining Industry provides to the community, along with introducing metal detecting and gold prospecting to young and the families that attend.

We are requesting donations in the form of monetary gifts, gift cards, and products we can use as prizes. All donated items are used for the event. No organizer, person, corporation or group receives any proceeds from this event. All event managers or workers donate their time for free in a concerted effort to promote Nevada's great mining heritage, and all that the mining industry has done and continues to do for Nevada. With your support we will be able to reach even more people, to educate them on how the Mining Industry is good for the State of Nevada and the world in whole for both the amateur prospector as well as the professional prospector.

Thank You.
